Military Units

1. An unidentified Army unit occupies the barracks located 2-3 kilometers north of the railroad station of Shumen in the immediate vicinity of many houses of recent construction. Prior to World War II, these barracks were occupied by the 7 Infantry Regiment. The installation consists of several building enclosed by a wall about four meters high. The front side of the barracks is about 400 meters long. Informant noted various junior officers, senior officers up to the rank of colonel, and 500-600 men. On the 1 May celebration, two or three companies of this unit, with a band, participated in the city parade.
2. Barracks of an unidentified military unit are located approximately 12 kilometers south of Shumen. Until 1950, an unidentified artillery unit occupied the barracks, but informant did not know who uses them at present.
3. An officers club is located in a building adjacent to the barracks of the former 7 Infantry Regiment.

Hydroelectric Plant

4. A hydroelectric plant is located approximately one kilometer north of the Shumen railroad station. It is a building about 10 meters high, is painted gray, and has a tile roof. It does not supply sufficient energy to meet the needs of the city, so that there are frequent interruptions in the electric current supply.
